

## Quality and Standards

We offer applications advice, guidance, and support in the development of new products utilising woven wire mesh.

We have helped many businesses to bring their designs to market with the minimum of delay.

Our resources and applications experience have enabled us to develop solutions for many customers worldwide - from blue chip multinational companies to small specialist firms with unique applications.

### ISO9001:2008

Locker was the first in the woven wire mesh industry to achieve certification to what was then, in 1986, BS5750 Part II.

BS5750 was superseded by ISO9000 and subsequently ISO9000:2000.

Locker is certified to ISO 9001:2008. Certificate Number Q 05104.

### Standards applicable to woven wire mesh

Standard	Year	
ISO 4782	1987	Definitions for industrial wire screens and woven wire cloth.
ISO 4783-1	1989	Industrial wire screens and woven wire cloth - Guide to the choice of aperture size and wire diameter combinations - <b>Part 1: Generalities</b>
ISO 4783-2	1989	Industrial wire screens and woven wire cloth - Guide to the choice of aperture size and wire diameter combinations - <b>Part 2: Preferred combinations for woven wire cloth</b>
ISO 9044	1999	Industrial woven wire cloth - Technical requirements and testing
ISO 2914	1991	Industrial screens - Woven wire cloth, perforated plate and electroformed
