

REACH POLICY STATEMENT

We are aware that on the December 18th 2006, the European Parliament and the Council of European Union adopted a regulation on chemical substances titled Registration, Evaluation and Authorisation of Chemicals (REACH) EC No 1907/2006.

We can confirm that as a "downstream user" we are not required to register any articles that we purchase.

However as part of our commitment, we can confirm that we have requested confirmation from all of our Suppliers that they understand the demands of the Regulation and that where necessary it is their intention to pre-register all of the chemicals covered by REACH, which are used in the production of the products and or materials they supply to Locker Group Ltd and any of its subsidiaries companies

A handwritten signature in black ink, appearing to read "A. Campbell", enclosed within a simple rectangular box.
